PROTECTION BETWEEN CLEANS

## BIOSECURITY Breaking the 'Chain of Infection'

STERI-7 XTRA Hand Hygiene Products provide a standard of hygiene good enough for pre-surgical use and continues to protect for up to 3hrs after application.

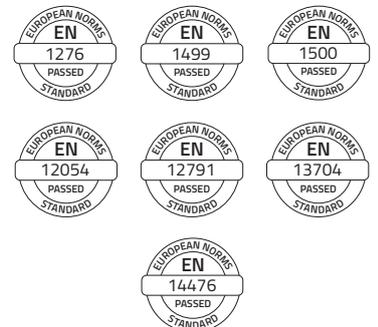

We are vulnerable to infection and contamination every day. One of the reasons they both thrive is what's known as the 'Chain Of Infection':

**You touch a contaminated door handle > then switch on the light > someone turns off the light > picking up the bugs > and carrying them to another surface > someone else touches the surface > and picks up the contamination on their fingers and so on.**

Hygienically cleaning your hands with STERI-7 XTRA Wash or Rub is the best way to help BREAK this chain.

When there's no water around, we recommend using a hand rub. STERI-7 XTRA Hand Rub can be used in soiled conditions and is unmatched in the constant battle against infection faced by everyone across the world.

Even though STERI-7 XTRA Hand Rub is a non-alcohol foaming hand cleaner, used regularly it provides unrivalled protection up to pre-surgical standard. Kind to your hands it is 100% organic, kills germs up to 99.9999% and it stays effective for up to 3 hours.

PROTECTION BETWEEN CLEANS

## Break the Chain of Infection with STERI-7 Xtra Personal Care range

STERI-7 XTRA Biocidal Hand Rub, Hand Wash and Wipes are powerful weapons in the constant battle against germs, micro-organisms and pathogens.

They are critical to the STERI-7 philosophy of BREAK, TREAT, PREVENT. Used regularly, they help BREAK the chain of infection often found in everyday life, TREAT the pathogens by killing them and PREVENT them reappearing through the unique STERI-7 Reactive Barrier Technology.

STERI-7 XTRA Hand Wash brings an extraordinarily high-level of hygienic protection to your home. Dermatologically tested and classed as non-irritant, it is gentle on the skin yet so potent it kills Clostridium Difficile spores, Flu virus, MRSA and many other harmful pathogens.

STERI-7 XTRA Hand Rub and STERI-7 XTRA Wipes are perfect in situations where water is not available and like the Hand Wash they also eliminate E.Coli, Salmonella, Listeria, H1N1, MRSA and C.Diff in seconds.

And thanks to STERI-7's Reactive Barrier Technology, STERI-7 XTRA Hand Rub and Wash will protect you for up to three hours after they're used.

STERI-7 XTRA Hand Rub and Wash are 100% organic, non-perfumed and designed to re-moisturise the skin after use.
