

## Power Clean

### Overview

**Concentrated, high performance, alkaline cleaner designed for use on workshop, depot and garage floors, and inspection pits. Quick action and low foam makes it ideal for use in scrubber drying and rotary machines**

### Product Description

A complex and highly concentrated formulation comprising high performance bio-based cleaning agents to compliment traditional chemistries, together with complexing and anti-deposition agents to ensure deposits are easily rinses away.

Low foaming properties make this an ideal product for manual and machine application where foam generation is problematic and a stable emulsion is to be avoided.

*for applications on porous surfaces where biodegradation of oils and greases is desired, use Rumexo OilOff as an alternative to Power Clean.*

### Features and Benefits

#### Features

- Aqueous, water-dilutable Formulation
- Contains no petroleum distillates or solvents
- All ingredients are highly biodegradable
- Improved rinsing performance
- Effective at low temperature
- Effective in both hard and soft water areas
- Easy application and removal

#### Benefits

- Fast Acting. Shortens clean-up time
- Versatile: Can be used as a manual and machine cleaner
- Low cost in use
- Leaves surfaces clean, streak-free and shiny
- Removes oil and grease, ordinary soil and grime

## Power Clean

### Application/Directions for Use

Where deposits have accumulated over time, first remove as much debris and solid material as possible

Dilution rate:

Heavy soil	1 to 10 (10%)
Medium soil	1 to 25 (4%)
Light soil	1 to 50 (2%)

#### Packaging

2x5L case  
20 L jerry cans  
200L drum  
1000L IBC
